2.0 FULL SEASON TOURING CAR DRIVERS – LIME ROCK PARK / MRLS POINTS:

Drivers that participated in a full season in 2016 AND entered Lime Rock Park: These competitors will be able to choose the better of one of the Lime Rock Park driver points results, or one of their Mazda Raceway Laguna Seca driver points results, and be given double points for just that round. The competitor may drop driver points from one of the other weakest three races from Lime Rock Park or MRLS only. Pole points for these two rounds are included in the calculation. This applies only to driver points – team and manufacturer points award methods will remain as stated in the Sporting Regulations.
